

## Change Password

Winnie Yuen - 2024-02-01 - Account and User Management

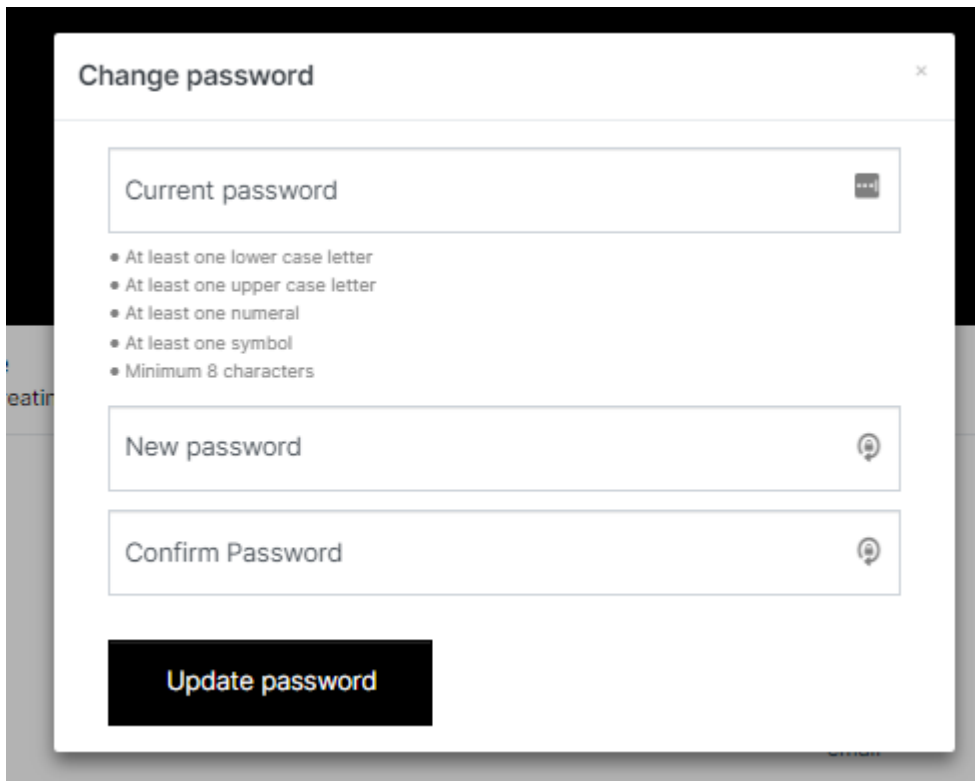

To secure your account, First Digital recommends you regularly change your password.

1. Click on **My Profile** and then your name.

1. A new window will open up and go to the **Security** section.

1. Click on **Change password** at Password and enter new password.

**Change password** ×

Current password ✕

- At least one lower case letter
- At least one upper case letter
